

Solar PV Industry Workshop Invitation

With the aim of promoting Small Scale Embedded Generation and the PV GreenCard quality mechanism, the South African Photovoltaic Industry Association (SAPVIA) together with eThekweni Municipality and GIZ will be hosting a 1 day workshop as part of the multi-city roadshow to empower all role players in the industry.

Date: 29th August 2019

Time : 10h00 - 15:00 (tea and a light lunch will be served)

Venue: eThekweni Electricity Training Centre, Springfield

Agenda

- The Government and municipal perspectives on the Solar PV sector
- Status of SSEG in South Africa and local municipal readiness
- The Value of the PV GreenCard quality mechanism and how it works
- Standards in the South African Solar PV Industry
- Inclusive Solar – How SMME's, Women and youth owned businesses can participate in the industry

Attendance is free but seats are limited so booking is essential. Confirm your availability to attend by navigating the RSVP link: <https://www.sapvia.co.za/rsvp/> or email kim@sapvia.co.za
